We Connected with our Community

Our Heroes Awards helped to propel our numbers of community connections higher than ever before. In 2021 we touched over 60,000 people. This televised program helped highlight the many heroes in our WNY region.

Our DEI Training Sessions

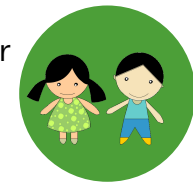

NFJC's Diversity, Equity, and Inclusion (DEI) programs empower professionals with the knowledge, understanding, and skills needed to form stronger cross-cultural relationships and healthier workplace communities. We have trained nearly 3,000 people in 2021!

Collaborations and Connections

Our Annual programs such as our Multi-Faith Thanksgiving program, our MLK Collaborations and our many webinars brought together many from our community and beyond. This year's racial Healing Circles connected people from all across the United States to have more honest and open dialogues.

Diggin' Into Diversity

We are particularly proud of our creation of our newest youth initiative called Diggin' Into Diversity. Geared for students grades K-4, this program introduces the topic of Diversity in a fun and age appropriate way. Over 200 students have already taken part in this new project!
